

Hello everybody!

My name is Elena Überbacher and I was born on the 29th of March 2003, so I am 14 years old. I live together with my family in a beautiful house with a large garden in St. Georgen. This is a small village in Charinthia, not far away from St.Paul.

I have got two sisters and a brother. My little sister, her name is Chiara, is 13 years old. My second sister is 15 years old. Her name is Anna. Last but not least there is my little brother, called Jakob. He is 5 years old and attends the last year in our kindergarten. My mum, Sandra, is a primary school teacher in Lavamünd and my dad, Philipp, is an undertaker and head of department of the „Bestattung Wolfsberg“.

During my free time I enjoy doing sports, for example running. I love animals. Unfortunately we haven` t got pets. My neighbour has a dog, called Kiki. She is a Husky and 5 years old. I love her. Every day I go with her for a long walk. I enjoy baking and cooking. Once a week I go with my sister Chiara to the LAC. That is an athletics club in Wolfsberg. I like reading books. My favourite books are “Warrior Cats”.

If my friends had to describe me they would say that I am friendly, reliable and honest. I am also a very active, optimistic person and a good friend for life.
