

Hello together!

My name is Marvin Vallant and I attend the 5th grade of the Stiftsgymnasium St. Paul. I was born on the 2nd of June in 2003 in Wolfsberg a town which is about 7 kilometres away from where I live now, so that means that I am now 14 years old. I live in a nice little house in St. Andrä im Lavanttal, that`s what the area is called. It is the south-east part of Carinthia. I live here with my family, that means my father Martin, my mom Barbara and of course me, another special member of my family is my cat. I don`t have any siblings.

About my parents: My father is chef in an old age home in St. Gertraud. My mother works as nurse also in an old age home but in another town, in Wolfsberg, the capital town of our county.

About myself: In my free time I like to read, do some sports like cycling or a bit of running and of course I like skiing in the winter. Until last year I practised Judo but then I decided to have a break with this sport. I liked doing that and maybe I will start doing it again but now I am looking for other ways to keep me fit and healthy. I also like to play videogames with my friends and I also like to go out with them. After finishing school I want to start a career as a pilot, I have known this since I am five years old. I hope that I will get the chance to realise that job.

I am happy about being part of the Erasmus+ Project, and I am looking forward to meeting some new, interesting people and learning something about the countries and cultures.

Let`s build Europe together!
