

Introduction of myself

My name is Chrysanthi Kyriakou (some people call me Chrysa) and I am 16 years old. I was born on the 16th of March in Thessaloniki where I currently live. My dream is to get accepted to Art school and move to Florence, Italy to study Art Conservation.

I am a student at Aristotelio College and I have 2 years left to finish high school forever and ever.

I live with my parents and my younger sister. My dad's name is Dimitris and he is an orthodox priest and my mum, Helen, volunteers at the church. I must say, they are pretty cool for their age... My sister, Stella, is not as bad as I thought when I was younger and we actually get along...sometimes.

When I do not have art lessons, I am not at school or when I am done with homework (and that is when I am sick or at Sundays), spend my time watching TV series or reading mystery or crime books with my favorite being "Blood Wedding" by Pierre Lemaître.

I have 3 best friends Christine 1, Christine 2 and Athena. Athena moved to New York and I miss her all the time but it's ok because she is happy. Christines and I are polar opposites but surprisingly we make it work. One of them has green hair and she is into Metal. The other has a nose ring and she is always busy. I am somewhere in between because I do like rock or metal music and I am always busy as well.

I am really looking forward to meeting everyone who participates to Erasmus program and I cannot wait to talk to you in person.
