

Hello, my name is David, I'm 17 years old, born on September 12 2000 and live in the beautiful city of Rijeka. I attend 3rd grade at Andrije Ljudevit Adamic Highschool which is located 2 km from my home.

I live in a flat with my mom Lea, who is a former teacher and my dad Dean, who owns a transport company. We own a small and cute yorkshire terrier called Lina. In my spare time I like playing music, reading, and hanging out with friends. My favorite genre of music is rock and jazz. During the week I have a lot of responsibilities, so I do my hobbies on weekends.

In school I participate in the school band, with my friends Matej Dunic, Karlo Pavlak, and Lara Radovic. Karlo and I play the guitar, Matej plays bass, and Lara sings. We practice every week with the help of our professor. We recently performed in the small town of Pazin.

When I'm not in school I like traveling with my parents around the world. Last summer we went to Iceland, where I learned a lot about the culture and ate really good food. We've also been to America, Mexico, Italy, France, and Austria.
